

Rhinos (Residents Helping In Navigating the OR Schedule) Tip Sheet

1. In the Partners “P”, click on “Anesthesia MyMD – MGH”
 - a. Log in with your user ID and password
2. Below is a snapshot of what your screen should look like. By clicking on the “Rhinos” Icon in the blue bar labeled “My Tools”, you will enter the program that allows you to select your OR Preferences. Rhinos stands for Residents Helping In Navigating the OR Schedule.

3. Next you need to select the date and service preference of your choice. In the top left hand corner, there will be two drop down menus called “DOS” and “Service”. Select the DOS and service you prefer.

RHINOS - Residents Helping In Navigating OR Schedule

		Patient : Miller, Richard W MRN : 3187849 DOB : 11/22/1940 SEX : Male

4. Fill out room selection preferences in order from 1 to 3. 1 being first choice, and 3 being third priority. Feel free to leave a note for your manager who will be approving and assigning the rooms. Click Save, and then log out.

The screenshot shows a web interface for 'Select Preferences'. At the top, a green banner displays 'Welcome Bueno, Nicholas [All]'. Below this, the section is titled 'Select Preferences'. It contains three 'Room Selection' fields, each with a dropdown menu and a clear button (X). The first field is labeled 'Room Selection 1', the second 'Room Selection 2', and the third 'Room Selection 3'. Below these is a 'Comments/Notes' section with a large text area and up/down arrow buttons. At the bottom left is a 'Save' button.

5. If you do not have access to RHINOS, please email MGHAnesIT@partners.org with your user ID.
